

# PARTS & ACCESSORIES

There are millions of Viking pumps installed throughout the world. Our parts and accessories are built to keep them running efficiently and make repairs easy.

Not all parts are created equal. Viking Genuine Parts come with a guarantee to dimensionally fit Viking products, as well as having consistent construction, including material grade and quality.

Whether purchasing an individual part, ordering a full repair kit, or choosing an accessory to make your systems work smoothly, ensure that you are maintaining your Viking pumps with the same quality of parts that it left the factory with. Choose Viking Genuine Parts when servicing your pumps. Reach out to your local stocking distributor to get parts on your shelves for proactive operational management.

## PARTS & KITS

Viking Pump parts kits provide customers with the ability to do a complete repair at once vs. each time a part wears. Everything needed is included in the kit, ready before you open the pump. Both seal kits and repair kits are available. Reduce your downtime by contacting your local stocking distributor to have a kit on your shelf ready to go when it is needed.

### DESIGN

- Only Viking Genuine Parts are specifically designed to meet performance requirements for Viking pumps

### QUALITY

- Viking Genuine Parts are tested to ensure optimum reliability

### SUPPORT

- Viking backs all Genuine Parts with its own warranty and stocking distributor network

## PARTS KITS VS. PARTIAL REPAIR

Everything you need in one place

Save time & money

Increase uptime

Increase service life

Reduce frequency of repairs

# REDUCERS

## OFFSET

- Fully interchangeable ratios in each gearbox
- Gearbox is rotatable on mounting bracket to enable multiple mounting brackets enable output shaft to match Viking shaft heights

## IN-LINE

- Available in multiple sizes and a variety of ratios to 200 HP / 160 kW
- Universal mounting - solid input shaft or motor mount option (IEC or NEMA)

## GEAR MOTORS

- Integrated motor and reducer
- Compact footprint

# MOTORS

## DRIVE MOTORS

- Ease of ordering to get pump and motor from one supplier
- Competitive pricing direct through Viking Pump
- All major brands and types available
- Energy efficient, compliant with EISA and EC640/2009 standards

# STRAINERS

## LID-EASE STRAINERS

- Quarter-turn, easy opening breech-lock lid simplifies routine cleaning
- Inclined basket design provides low pressure drop for high system efficiency
- Top basket removal eliminates the need to drain the strainer and minimizes product loss

## BOLTED-LID STRAINERS

- High quality, easy to clean simplex strainers
- Low pressure drop
- Gauge ports standard (plugged)
- Lid vent standard (plugged)
- Bottom drain (plugged)
