

# MUNICIPAL PUMPS

We offer a broad selection of pumps and products from a variety of reputable vendors.

We also have the knowledge and capability to repair and service them all for our customers' convenience.

## FLYGT PUMPS

High-quality submersible pumps, grinder pumps, slurry pumps, pressure sewer systems, submersible mixers and controls for all products.

## FLOWSERVE

Engineered Flowserve pumps—including solids-handling, high-volume, and corrosion-resistant solutions—for municipal applications.

## PRIMEX

- Custom control solutions specialized for industrial water & wastewater.
- Remote monitoring & SCADA solutions
- Level sensing equipment

## MYERS

Submersible solids handling pumps, self-primers, grinder pumps and reciprocating pumps. Manufactured for municipal, commercial and industrial global markets.

## AMERICAN MARSH

Centrifugal and positive displacement pumps, electrical motors, mechanical seals and fire protection fittings, couplings and pumping equipment.

## ROTO PUMPS

Positive displacement pumps and progressive cavity pumps. Reliable pumping solutions for wastewater, sugar, paper, paint, oil and gas, food and beverages, renewable energy and power, and many more.

## JESCO

Chemical metering pumps and transfer pumps, equipment for the dosing, conveying, control and disinfection for water, wastewater, utility and chemical processing applications.

## ALLIS CHALMERS PUMPS

Horizontal and vertical non-clog sewage pumps. Range from 4-inch to 40-inch discharge sizes and flows up to 160,000 GPM. Large, energy-efficient, split-case water pumps.

## GOULDS WATER TECHNOLOGY

Develops sump pumps, in-line pumps, multistage pumps, end suction pumps, booster pump systems, variable speed controllers, residential grinders and package systems.

## WASTECORP PUMPS

Designs and manufactures Mud Sucker diaphragm pumps, double disc pumps, plunger pumps and self-priming trash pumps.

## SENCILLO

Single pump systems with custom-built controls. Single stage end suction centrifugal pumps, vertical multistage pumps, submersible stainless steel pumps, retrofit kit.

## VERTIFLO PUMP CO.

Manufacturer of vertical process and sump pumps, as well as end suction and self-priming models in cast iron, stainless steel and special alloys.

### MULTITRODE

World leader in pump station management systems, including probes, controllers and pump station supervisors.

### GPM ELIMINATOR

The GPM-Eliminator is the world's toughest line of slurry pumps. They are engineered to handle the most abrasive applications.

### GREENER DAY SOLUTIONS

Provides a wide range of Multi-Disc Screw Presses to meet the sludge management needs for different project sizes.

### MARTIN SPROCKET

High quality screw conveyors and elevators for material handling systems.

### EGGER PUMPS

Centrifugal pumps and control valves for municipal, industrial and chemical markets.

### ALL PRIME PUMPS

Cast iron, solids handling and self-priming pumps. Offer skid-mounted, trailer-mounted or stand-alone pumps, along with a back pull-out design.

### BARMESA PUMPS

Small self-priming pumps, jet pumps and end-suction centrifugal pumps for the rural market. Submersible non-clog and grinder pumps.

### FIBERGLASS TANK SOLUTIONS

Turnkey containment systems that include underground and above ground storage fiberglass tanks for the municipal, industrial, and commercial markets.

### TITAN MANUFACTURING INC

Develops ANSI Goulds® style pumps and parts and conforms to ANSI B73.1M specifications. Self-Priming trash pumps are interchangeable with Gorman Rupp®. Range of Diaphragm Pumps in four different sizes.

## EXPERT SERVICE WITH EXCEPTIONAL CUSTOMER SATISFACTION

We believe there is nothing more important than customer satisfaction. We provide our customers with the very best in both industrial and municipal pumps and products, along with repair and technical services offered by our expert team. We strive to develop a lasting relationship with our customers and continuously provide them with ongoing support.

## WE HAVE ALL OF YOUR MUNICIPAL PRODUCT AND REPAIR NEEDS

Whether you're looking for a simple pump repair service or an extensive rebuild, our experts are knowledgeable, friendly and ready to help. We provide the very best in clean water solutions with engineered pumps, process equipment, parts and service.
